

SamurAI Central

Industry leading No Code Vision AI builder

SamurAI is end-to-end no code AI platform that enables your teams to build, train, deploy and monitor computer vision applications to automate visual inspection processes quickly and easily.

Revolutionize your workflow for faster, smarter, and more efficient results

Why Tapway?

Low cost

Fast

Ready to go

Easy

Expert support

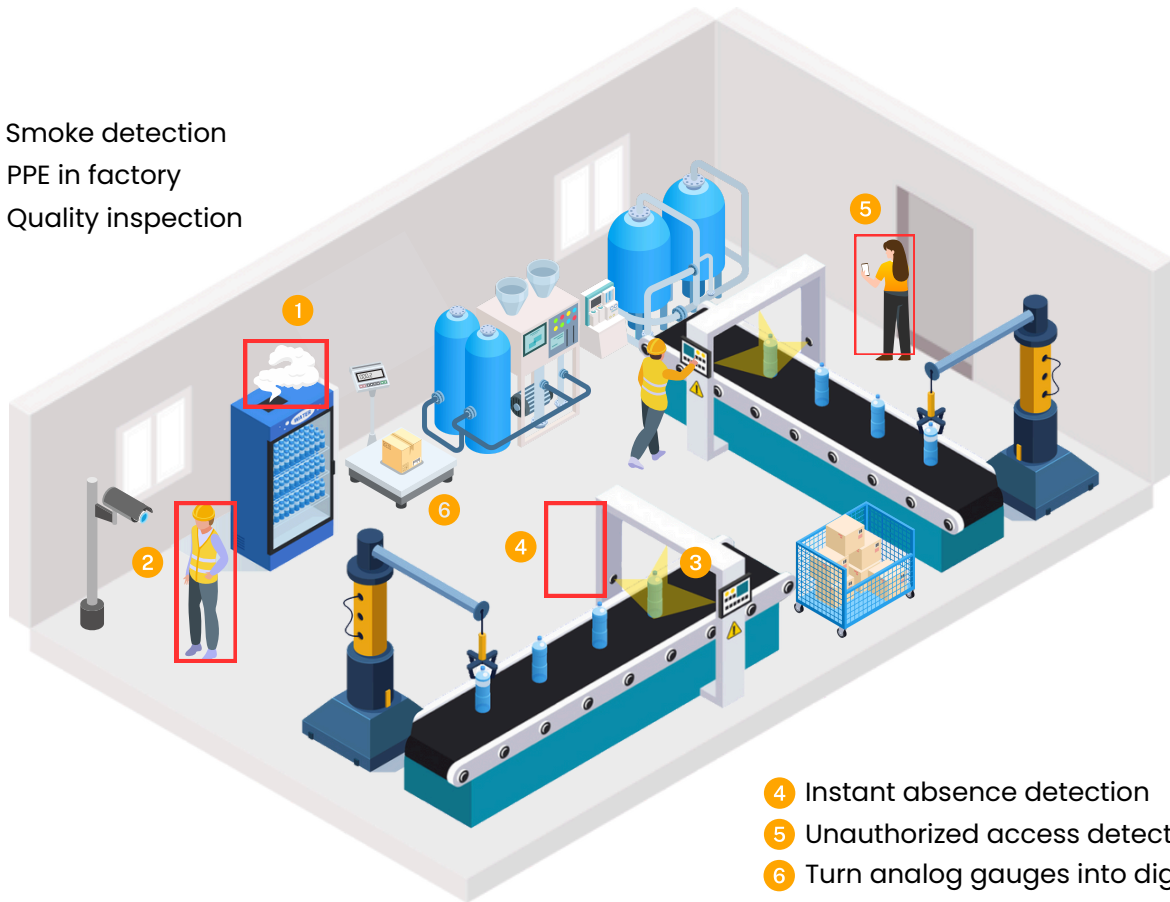

Automate your visual inspection processes today

- ✓ Reduction in defects up to **49%**
- ✓ Improved quality inspection output up to **62%**
- ✓ Reduction in QC workforce up to **70%**
- ✓ Fast time to value
- ✓ High accuracy with minimal dataset
- ✓ Dynamic scaling

Ensure safety and operational efficiency with ready-to-use, deploy-instantly AI models

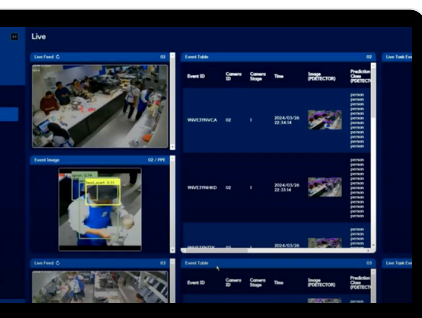

- 1 Smoke detection
- 2 PPE in factory
- 3 Quality inspection

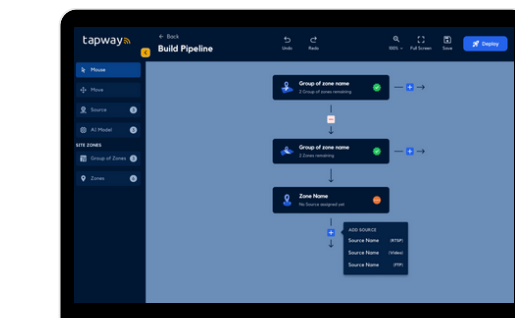

- 4 Instant absence detection
- 5 Unauthorized access detection
- 6 Turn analog gauges into digital data

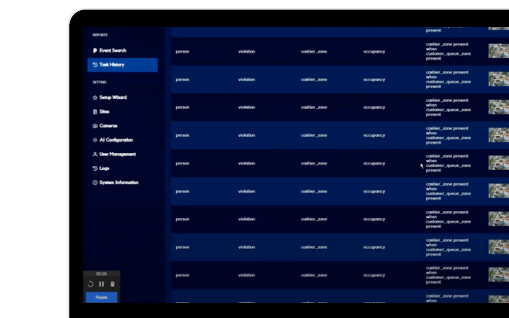

Customizable Live Dashboards

No Code AI Builder

Smart Task and Event Reports

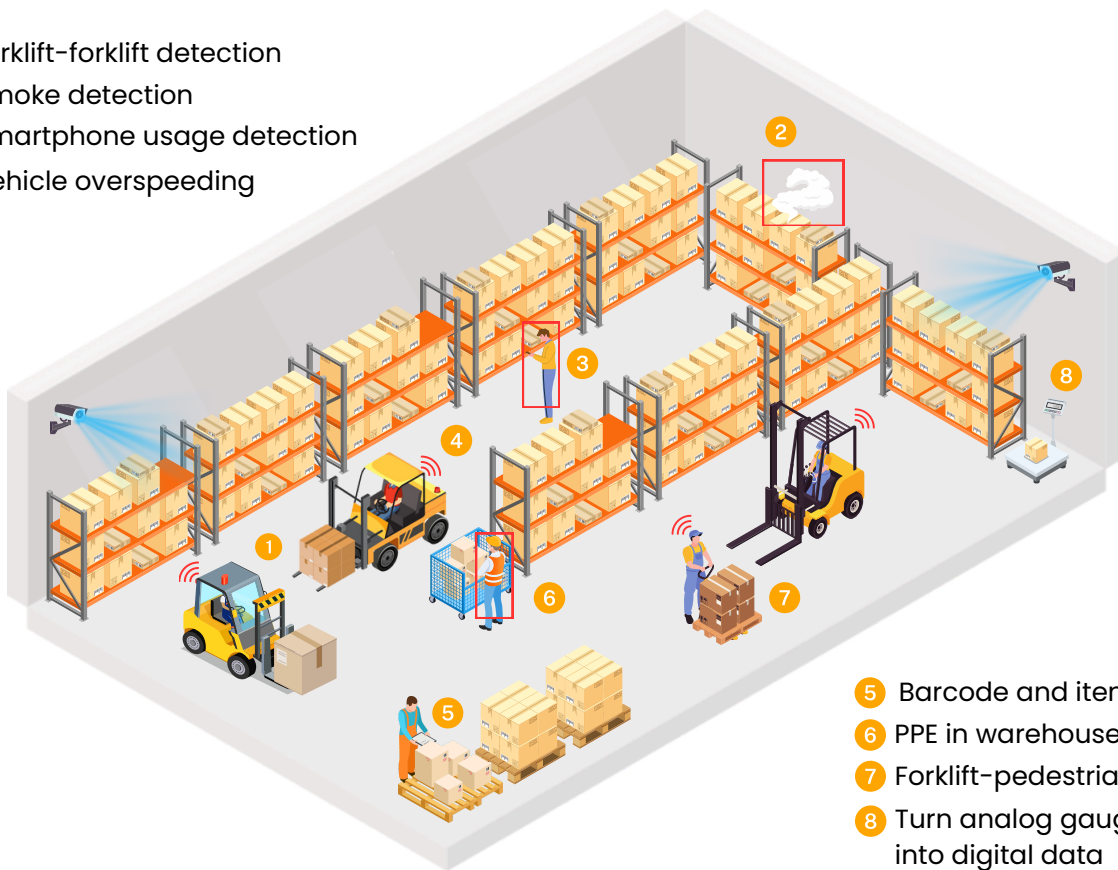

Industry-Leading No Code AI Video Analytics Platform

Ensure safety and operational efficiency with ready-to-use, deploy-instantly AI models

- 1 Forklift-forklift detection
- 2 Smoke detection
- 3 Smartphone usage detection
- 4 Vehicle overspeeding

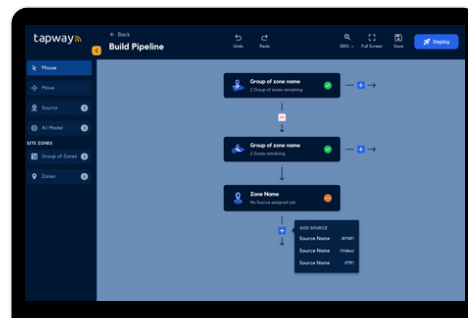

- 5 Barcode and item recognition
- 6 PPE in warehouse
- 7 Forklift-pedestrian detection
- 8 Turn analog gauges into digital data

Customizable Live Dashboards

No Code AI Builder

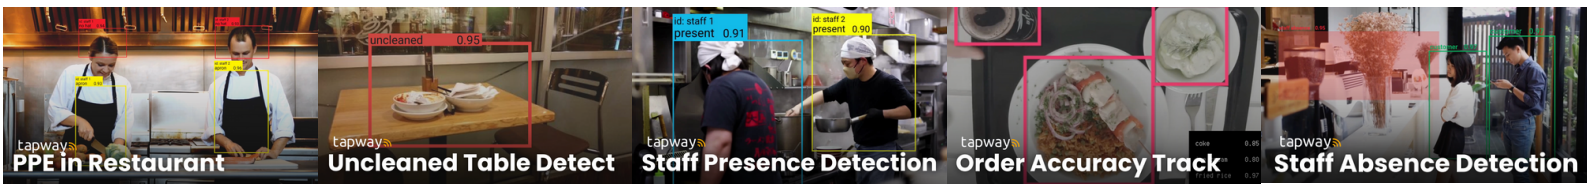

Smart Task and Event Reports

Industry-Leading No Code AI Video Analytics Platform

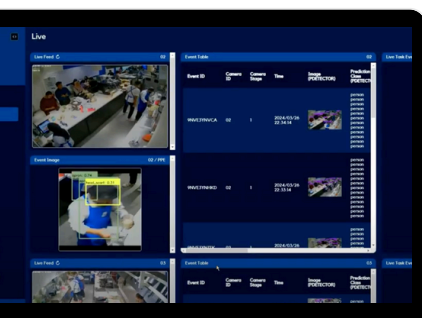

Elevate customer experience with ready-to-use, deploy-instantly AI models

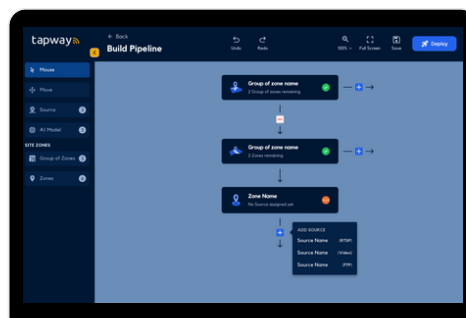

- 1 Queue monitoring
- 2 Staff presence during service
- 3 Order accuracy
- 4 Uncleaned table detection

- 1 PPE compliance detection
- 2 Hand washing compliance
- 3 Non-compliance detection
- 4 Food quality checker
- 5 Pest detection

Customizable Live Dashboards
